

Executive Partner

“We need experienced technology leadership.”

Fractional leadership, roadmap and supplier governance, with executive reporting.

DESIGNED FOR

Organizations needing senior technology direction during growth, transition or transformation.

WHAT WE DO

- Align technology priorities, investment decisions and business objectives.
- Establish roadmap, service ownership and supplier governance.
- Support leadership decisions, escalation and delivery oversight.

WHAT YOU RECEIVE

- Agreed leadership mandate, decision rights and operating cadence.
- Prioritized roadmap with dependencies and accountable owners.
- Executive reporting on delivery, service, cost and risk.

THE BUSINESS OUTCOME

Experienced leadership and a consistent rhythm for decisions and accountability.

HOW WE ENGAGE

Define monthly capacity, leadership responsibilities, availability and escalation boundaries in the mandate.

Track roadmap progress, decision turnaround and service or supplier action closure.

ENGAGEMENT MODEL

Monthly retainer
